Subject: Application as Research Assistant

Dear Dr. Goujon,

After several years as a research assistant at the Institute of Geography of the University of Innsbruck, I am currently writing my PhD Thesis and relocating to Vienna. The advertised position as research assistant appeals to me in that it presents the possibility to continue working in a scientific environment and apply the skillset I have acquired. Additionally, the option of a part time position would allow me to finish my thesis with the title *Digital terrain analysis to support field soil survey*.

With best regards,

Fabian Gruber
